INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., presents to subscribers and the general public, this, the latest edition of the Providence City Directory. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Providence's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by R. L. POLK CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residences, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, home owner symbol, telephone number and address of each adult resident, and the name, official personnel, nature, telephone number and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residents and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Providence.

The Providence Directory Library

Through the courtesy of the publishers of the Providence City Directory, a Directory Library is maintained in the offices of the Greater Providence Chamber Of Commerce, for free reference by the general public.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

PROVIDENCE, R. I.

"Southern Gateway of New England"

(This information furnished through the Courtesy of the
Greater Providence Chamber Of Commerce)

Statistical Review

Form of Government-Under legislative Charter for the City of Providence, approved by referendum on November 7, 1939, elective officers are a mayor, to be elected at large, and members of the council, which body consists of 26 council men, two from each of the 13 wards as the same are now constituted. The Charter became effective in its entirety on January 1, 1941. On September 8, 1980 citizenry approved a Home Rule Charter, requiring State General Assembly ratification prior to becoming effective on July 1, 1983. The new charter maintains the Mayor, council form of government, but changes the council to 15 single representative wards. In addition to granting the City Home Rule Status, the new charter would streamline and reorganize numerous city departments and operations.

Railroads-Located on Conrail's and Amtrak's main line between Boston and New York, Providence is one of the main freight terminals in New England. Providence's Union Station is easily accessible by highway and is within walking distance of car rental agencies, taxis, and bus service.

Air Transportation-The T. F. Green State Airport, located within the city of Warwick and 13 minutes' driving time from Providence, was formally dedicated on September 26 and 27, 1931, and was the first state-owned airport in the United States. The longest of three active runways is 6,466 feet, which is equipped with complete instrumentation, including strobe lights. The Air Terminal Building was dedicated on August 13, 1961. The State of Rhode Island also operates five general aviation airports: North Central State Airport in Lincoln/Smithfield; Westerly State Airport in Westerly; Newport State Airport in Middleton; Block Island State Airport on Block Island; and Quonset State Airport in North Kingstown.

Amusements-The downtown Civic Center has seating capacity of 12,310 with 76,000 square feet of exhibit space. Veterans Memorial Auditorium seats 2,400 and the Ocean State Theatre accommodates 3,200. The Lederer Theatre, name of the Trinity Square Reertory Company, contains two theatres with a total seating capacity of 900 seats. At Roger Williams Park there is an extensive zoo, park, museums, and planetarium. Rocky Point Amusement Park has 100 plus rides and the world's largest shore dinner hall. The Greater Providence Convention & Visitors Bureau serves as a tourist and convention information center.

Hospitals-Eight hospitals are located in the city of Providence. Recent additions have increased the facilities.

Education-The public school system of the city of Providence consists of 29 elementary schools (including Kindergarten and handicapped), 8 middle schools, 4 senior high schools and 1 vocational school. The average number of teachers in public schools is 1,435. There are 21,976 pupils who attend public schools in the city of Providence. Libraries-Libraries in the city include the Providence Public Library in the downtown area and its eight branches located throughout the city. There are 15 other private and public libraries in the city including those at Brown University. The Providence Public Library maintains a library for the special use of business interests, including files of city and phone directories from all leading cities in the U.S. and from many smaller communities; commercial indices; and technical volumes relating to many kinds of business.

City Statistics-Total street mileage: Platted streets 370.45 miles with approximately 350 miles paved. Miles of gas mains 414; sewers 395 miles; motorbus lines 173. Capacity of water works (municipal) 41.3 billion gallons; daily average pumpage 160,000,000 gallons; value of plant \$170 million. The Providence Fire Department employs 497 professional firefighters and 21 civilian employees. This department currently has 23 ladder and engine companies (15 engine and 8 ladder) operating from 13 fire stations. Its Emergency Medical Unit contains 3 rescue squads, all telemetry-equipped, one of which is a mobile intensive care unit. The Providence Police Department is staffed by 407 sworn police officers and 65 non-uniformed civilian employees. The Police Department operates from a central headquarters building in the downtown section of the city and maintains 6 district sub-stations in various sections of the city in addition to its training academy building. Its mobile fleet numbers more than 100 vehicles (marked and unmarked).

Providence, capital city of Rhode Island, is located at the head of Narragansett Bay, which provides one of the finest natural ports on the Atlantic Coast. Easily accessible by water, land, or air, Providence is also ideally situated at the center of the Boston-New York tourist loop and is surrounded by historically famous playgrounds such as Newport and Narragansett. In addition, the city boasts an elegant and historic East Side area and is the home of Brown University, one of the finest institutions of higher learning in the country. These assets, coupled with the recent construction of the Providence Civic Center, and the establishment of a growing tourist and convention trade makes the capital city a prime area for conventions and meetings.

Presently, Providence is in the midst of extensive renovation. The private sector, working in tandem with City Government and citizens' groups, has committed millions of dollars to the center city to ensure that existing buildings will function once again as commercial centers without losing their original beauty or charm. In addition to the new Westminster Mall, completed in 1965 and now being upgraded, and a series of seven major complexes for apartment living in the downtown area constructed in the 1960's, over \$86 million has been committed to revitalization projects now in progress or in the planning stages. These projects include the construction of an auto-restricted zone in the downtown area, the restoration of the Arcade (built in 1828, Americas' oldest indoor shopping mall), the total rehabilitation of the elegant Biltmore Hotel, and a massive railroad relocation project which will create a 60-acre master planned development project in the heart of downtown on former railroad freight yards and parking lots.

Through federal loans and private funds, renewal efforts have also extended to the communities which fringe the center city. Colorful and ethnic Federal Hill is currently experiencing an extensive revitalization effort which will provide parks, an influx of small businesses, and renovation of existing roads and neighborhoods. municipal and State government, retail centers, a thriving business district and access to transportation, all within walking distance of one another, thus making the city of Providence one of the most compact and livable communities in New England.

CARPET RESTORATION***The Carpet Color System***

Following intensive research and field-testing, Carpet Color Systems has developed a cleaning method that can save you early replacement while at the same time prolong the life of your carpeting. The Carpet Color process actually infuses color into carpet fibers as it cleans and removes soils, odors and heavy traffic routes.

Since its introduction in 1976 carpet coloring has become a sensible, economical solution to replacing worn or faded floor coverings.

The CCS process utilizes carefully tested and proven chemicals to restore your carpeting to its original color. It can also add dye to change color or simply add organic optical brighteners for added sheen. All while performing a careful cleaning of your carpet.

And the CCS process can be used on new carpets to help retain their original luster, further extending their new appearance.

A professionally trained technician applies the selected color while cleaning, and within hours your carpets have regained their full appearance.

See Providence from the Biltmore Plaza.

Soar 220 feet in our outside French elevator to the finest restaurants and rooms in Rhode Island.

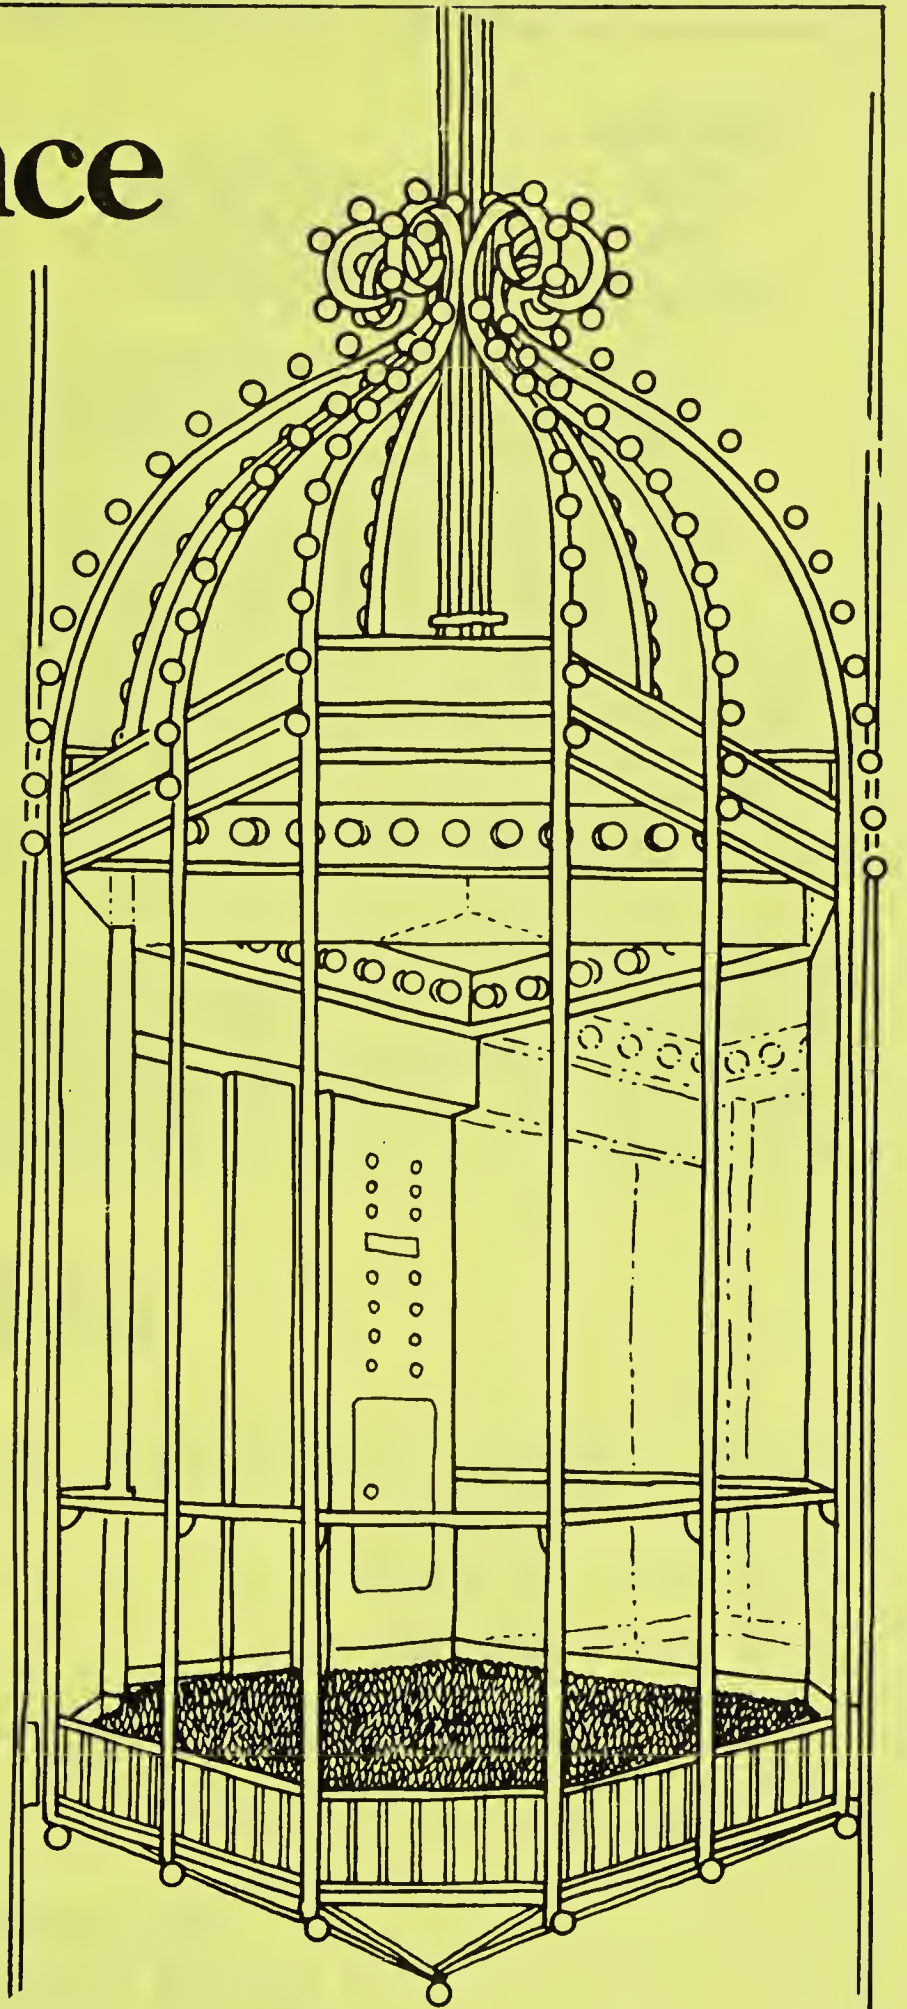

Choose from three excellent restaurants: **L'Apogee**, our renowned rooftop continental restaurant; **Goddard's**, a lively Newport-style eating saloon; or **Cafe on the Terrace**, our delightful greenhouse restaurant.

Our 350 tastefully appointed rooms and suites are an exceptional value. For about the same price as other hotels*, you can enjoy a spacious, deluxe room here with two queen size beds, wet bar and living area.

As for meetings, Rhode Island's finest, most flexible meeting facilities are here. 21 meeting and banquet rooms accommodate 20-750 people, and there are 30 additional breakout rooms for groups up to 15.

When your destination is Providence, remember the Biltmore Plaza. Where good impressions of Rhode Island start.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

Do your employers
furnish you with the
latest edition of the
City Directory

?

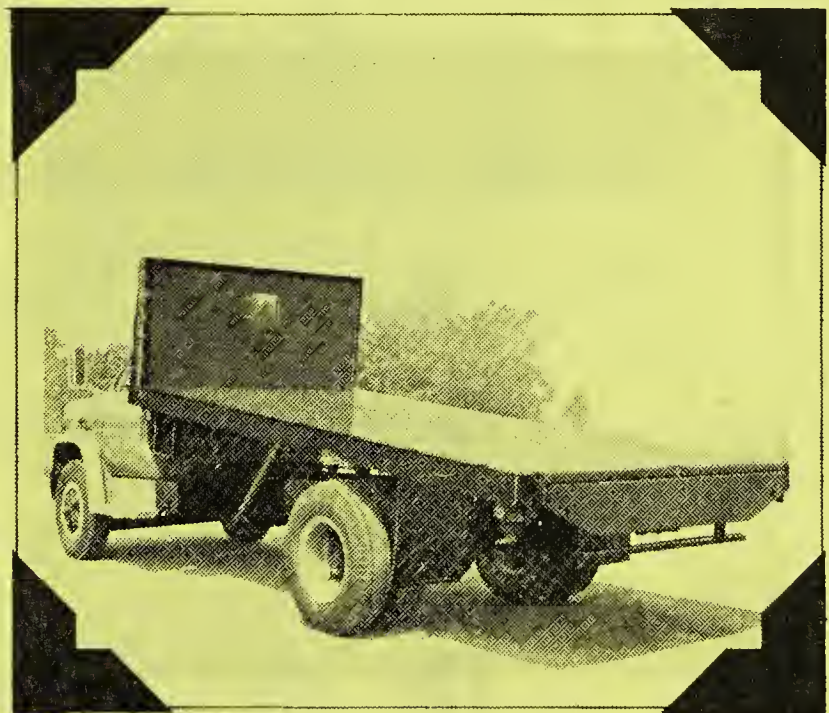

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

When you want it built to last.
